IVY SV CHILLED

SEMI VERTICAL INTEGRAL CABINET

IVY SV CHILLED offers a compact glass-door chiller solution with excellent product visibility and stable temperature performance for modern retail environments. IVY SV Chilled is designed as a true plug-in integral chiller, combining easy installation, energy-efficient operation, and reliable day-to-day performance in a single self-contained cabinet.

Benefits & Specifications:

- This is convenience cooling. No drains, no pipework, plug & play
- The look, feel & display area of remote case stores
- The most cost effective delivery of natural refrigerant stores for capex
- No water loop required. Low energy and heat rejection. Truly plug & play stores
- Condensing unit on pull out tray
- Refrigerant future proofed
- Designed for both the store operator and maintainer
- Fixed speed or inverter drive
- Optimised evaporator & condenser design for low charge refrigerant
- Hermetically sealed system, low charge and zero leakage

Dimensions (mm):

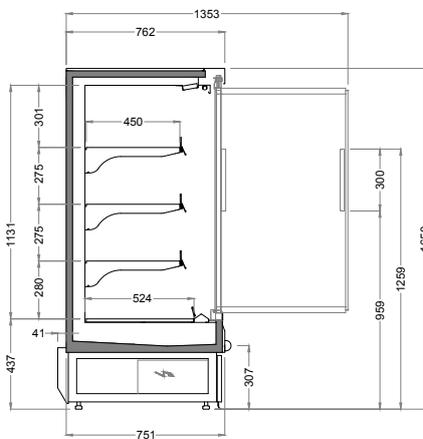

Height : 1650
 Length : 1250 / 1875 / 2500
 Depth : 790

SYSTEM	TEMPERATURE CLASS	REFRIGERANT	ENERGY CLASS
PLUG-IN	M1 – M2	HC HFC HFO	

* Contact us for details on alternative refrigerant options.

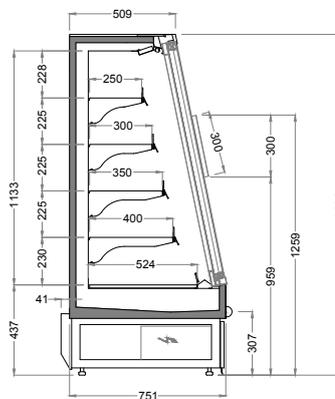

* The energy class value has been calculated based on the 2500 mm length with a double glass door.
