SHANNON

VERTICAL INTEGRAL CABINET

& SHANNON HYBRID

SHANNON full height chilled cabinets, with air-cooled self-contained units and varied length options, offer ideal solutions for display and sale of delicatessen, ready meals and prepacked meat products.

SHANNON HYBRID is designed to combine air-cooled and water-cooled self-contained units in a single cabinet. Switching from water-cooled to air-cooled self-contained unit, it is possible to gain heat emission which can be used for store heating purposes.

Benefits & Specifications:

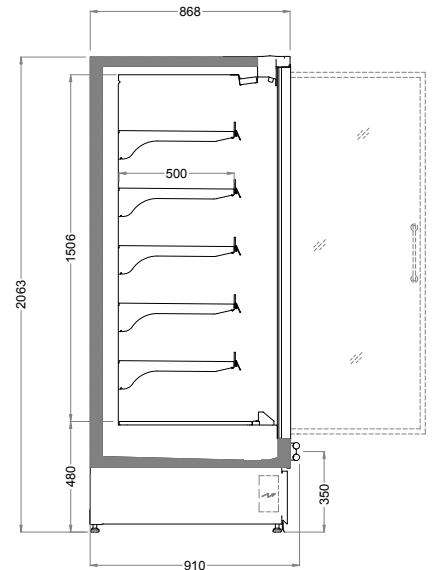

- Exclusive design with double glazing doors only to gain maximum energy efficiency
- Shannon Hybrid; combine air-cooled and water-cooled self-contained units in a single cabinet
- Small footprint with compact design
- Easy access and ergonomic design
- Fully configurable to different concepts
- Easily adaptable to changes of product
- Efficient in energy consumption with higher evaporation temperature
- Low operating costs
- Practical fittings designed for simplified installation and maintenance
