## VERTICAL INTEGRAL CABINET

# CHILLED

### Design a store your way

Harmonised convenience store design

IVY Chilled with door, IVY Frozen.

### Enable Simple Store Construction & Remodels

#### THE ABILITIES

Mobility  
Flexibility  
Portability  
Sustainability  
Maintainability

The Easiest Way to Add Refrigeration Capacity

### Benefits & Specifications:

- This is convenience cooling. No drains, no pipework, plug & play
- The look, feel & display area of remote case stores
- The most cost effective delivery of natural refrigerant stores for capex
- No water loop required. Low energy and heat rejection. Truly plug & play stores
- Condensing unit on pull out tray
- Refrigerant future proofed
- Designed for both the store operator and maintainer
- Fixed speed or inverter drive
- Optimised evaporator & condenser design for low charge refrigerant
- Hermetically sealed system, low charge and zero leakage

### Options:

- Hinged or Sliding doors to chiller
- HFO, HC or HFC/HFO self contained dependent on geographical market
- Castors in addition to adjustable feet
- Various shelf profiling options
- Controller options to meet client specification

## TECHNICAL DATA

### Dimensions (mm):

Height : 2000  
 Length : 1250 / 1875 / 2500  
 Depth : 790

SYSTEM	OPERATING TEMP. °C	REFRIGERANT
